Tapeta: Tapeta, Próbką

**Product description:**

The cladding will be a durable, timeless and easy-to-maintain product that will decorate the walls of both flats and hotel investments or public spaces. The colour in the shade of anthracite W01. 151 will look beautiful on the wall, providing an elegant surface finish. The vertical stripes are an interesting solution, the structure of the facing will nicely refract the light, which will give a plastic effect. Vinylpex products have all the certificates. An ideal, durable and safe solution, with a vinyl top layer on a cotton backing protected by a special coating. Alcohol and UV resistant. Weight  $\pm$  950g/m<sup>2</sup> Width:  $\pm$  135 cm Fire resistance: B-s2,d0 Light resistance: xenotest 7-8 (scale 1-8)
