Product attributes:**Product description:**

A natural and ecological product, something for discerning customers. A modern wallpaper from the Essence collection by the English manufacturer 1838 Wallcoverings. The pattern arranged in different directions is associated with flower petals. The motif will fill the entire wall space in an interesting way. Elements presented in different directions will add dynamics. The beige natural background will fill the wall in a beautiful way and the lighter ornament will present itself like lace. Class and elegance. The product will transform the interior of a bedroom or living room. It will be perfect for classic or rustic styling.
