The beautiful mural from the Boheme collection by Decoprint features an oriental Moroccan-style pattern. The blue and navy blue floral motif is a delightfully sumptuous design. The cladding will give the simplest of interiors an unusual character, straight out of a fairytale of a thousand and one nights. The Boheme collection is a collection of designs inspired by the art deco style and design of the 1920s. Symmetrical geometry, stylised floral patterns and colours taken from nature, often with a touch of gloss. This style is a combination of luxury with comfort and modernity. This is exactly what the Boheme catalogue is - timeless elegance and excellent workmanship at an affordable price. The collection will meet the expectations of the most demanding customers.
