### **Product description:**

We would like to present to you a unique product, which is created on the special order of the client. These are personalised murals, where the customer himself determines the size and card of the print. It is also possible to choose the appropriate texture. The design is based on an existing painting by a great master, an 18th century painter. It is a true work of art. The large motif will fill the wall in an interesting way. The monochromatic colours give a wide range of arrangement possibilities. This mural will transform any interior, making it unique and inimitable. A proposal for true enthusiasts and connoisseurs.
