Product features:

Manufacturer: Arte

Collection: L'atelier

Product attributes:**Product description:**

The unusual 21042 wallpaper in orange is from the Arte Atelier collection. It is a collection of facings reminiscent of natural textured leather with geometric patterns. Calm, matt, muted colours such as greys, browns and shades of blue are further emphasised by the thick vinyl texture of the Atelier facings. Some of the motifs give the impression of having been sewn by hand by a high-class master furrier who knows everything about his craft. The overall look is sophisticated and minimalist, ideal for fans of high quality combined with simplicity of form and style. Thick vinyl on a fleece backing.
