Product attributes:**Product description:**

The wallpaper series Icons from the Belgian manufacturer Arte is based on a fabric that imitates silk. The structure of the wallpaper can be felt to the touch, so that we have a visible effect of the natural material. In addition to geometric tile patterns throughout the catalogue you will find, floral patterns, three-dimensional motifs on the sponge which, in addition to their striking texture, also have a soundproofing effect. The catalogue also includes natural patterns of canvas and rattan. The combination of motifs inspired by nature and geometric shapes will fit perfectly into any interior.
