Product attributes:**Product description:**

A mural imitating wooden planks arranged in a herringbone pattern from the Smart Art Easy collection from the German company Marburg is an excellent alternative to the lack of possibility of using a natural raw material. It will work as well in a classic as in a contemporary interior, giving it a cosy, warm feel. The mural, 159 cm wide and 270 cm high, consists of 3 panels measuring 53 cm x 270 cm. To continue the pattern and create a complete image along the entire length of the wall the mural can be repeated, arranging the panels in the same order. The price quoted is for one mural, i.e. three panels. The mural is UV resistant and highly washable.
