Product attributes:**Product description:**

Geometric object-quality wallpaper in the shade of light cream RS1000 will be practical and easy to maintain. The classic colour in a light shade will be elegant, spaces will gain expression and an interesting, cosy character. Structural, geometric object-quality tepeta from the American brand York. An ideal strong and durable product. It has all the necessary certificates, so it can be used not only in residential interiors, but also in public places. The width of the block is 137 cm. The lining is sold by the metre in beige.
