**Product attributes:****Product description:**

The RS1024 wallpaper in a light cream shade with a soft pearlescent finish will be easy to maintain. The light colour will bring freshness and elegance to interiors, brightening up spaces in an interesting way. A structured, geometric tepeta of object quality from the American brand York. An ideal strong and durable product. It has all the necessary approvals, so it will find its use not only in residential interiors but also in public places. The width of the block is 137 cm. The lining is sold by the metre in beige.
