Product codes:

Reference: 75770610

EAN13: -

UPC: -

Product features:

Brand: METAL

Manufacturer: Casamance

Product attributes:**Product description:**

A modern wallpaper with a motif of metallic rhombuses with luminous reflections. The pattern is reminiscent of a carved relief that has been made on a metallic base. The wallpaper gives the impression of a three-dimensional wall thanks to its convexity. The shimmering finish adds glamour, class and a sophisticated tone to the interior. The wallpapers from the Metal - Textures Metalliques collection from the French brand Casamance, have been designed after inspiration from original jewellery designs. Sophisticated designs that create geometry, play with texture and shine. A perfect match for modern, modern elegance, loft and eclectic interiors, taking luxury to the highest level. Vinyl wallpaper - washable on a fleece backing.
