Product attributes:**Product description:**

A modern and geometric wallpaper with a linear motif. Thanks to the luminescent lines, the wallpaper takes on a three-dimensional look. It will look beautiful on a typically decorative head wall, or as a background for furniture and accessories. The colour variety of the pattern will make sure that there is something for everyone. The design comes from the catalogue of Perception, a French brand Casadeco for which quality is always at the forefront. Wallpaper on a fleece backing during installation.
