Product attributes:**Product description:**

Wallpaper in a beige shade imitating leather by the French brand Casadeco. Realistically reflects the skin of the sea creature the perceptible structure like scales will give an interesting effect on the wall. The surface of the wallpaper is made of vinyl, which is characterised by very good resistance to washing and mechanical damage. This product is perfect for the living room or bedroom, and will give an elegant and extravagant effect in the interior. Wallpaper on a fleece backing during installation we lubricate the wall with glue.
