**Product attributes:****Product description:**

A unique wallpaper imitation of suede leather. The realistically reproduced fur has a soft, even velvety finish. Design by the French brand Casadeco. The surface of the wallpaper is made of vinyl, which is characterised by very good resistance to washing and mechanical damage. This product will be perfect for the living room or bedroom. This product will give an elegant and extravagant effect in the interior. The wallpaper is on a fiseline backing and during installation we apply glue to the wall.
