Product description:

Exclusive wallpaper produced in Italy signed with the name of the renowned designer Roberto Cavalli. The inspiration for this pattern was snake skin. An interesting and unorthodox proposal, the thick fleshy wallpaper will satisfy the most demanding customers. Various shades and a glossy texture will create an interesting effect on the wall and will shimmer beautifully in the light. The wallpaper can be used in many arrangements, both classic and a bit more modern. A product for demanding customers who appreciate high quality design. The wallpaper is produced on a fleece base, vinyl resistant to damage
