A wonderful and sophisticated wallpaper full of charm and unique details depicting a pattern of painted colourful leaves and flowers in beautiful saturated colours. The wallpaper will enchant lovers of floral patterns. It will beautifully decorate the walls of houses, flats decorated in Scandinavian, rustic or eclectic style. The interesting motif can also be used in children's rooms. The wallpaper is easy to install and remove, without glue marks or damage to the wall surface, and can be used repeatedly thanks to the modern Peel & Stick technology. It is an interesting way to liven up/change any space: wall, furniture or electronic equipment.
