Product description:

The wallpaper series Essentials Costura from the Belgian manufacturer Arte is based on thick stitching, patchwork and well-chosen contrasting colours on linen backgrounds. The pattern on the textile wallpaper shows a combination of large fabric pieces joined together in an irregular way to form a patchwork. The pattern imitates silk or semi-transparent brushstrokes with watercolour paint, which adds to the light, naturalistic overtones. The wallpaper comes in contrasting colours, which is ideal for a living room or bedroom wall as a centrepiece. The wallpaper is sold by the linear metre.
