Product attributes:**Product description:**

Wallpaper that imitates fabric is a versatile pattern that works well as a background for paintings, furniture and accessories. w.Ponadczasowy The design fits into any interior and makes the interior feel cosy and warm. e.Jednokolorowy The fabric pattern is gently perceptible to the touch. In addition, the wallpaper also acts as a protective layer for walls exposed to damage and dirt. The wallpaper is vinyl and can therefore be washed, scrubbed and cleaned. The product is washable, the thick vinyl layer is resistant to mechanical damage. Wide rolls with a width of 70 cm.
