**Product attributes:****Product description:**

This unique wallpaper features a grey damask style pattern and comes from the Barclay Butera collection by the American company Wallquest. The motif is as if drawn with a fine feather and is a perfect example of classic hamptons style elegance. The cladding is ideal for a living room or bedroom. The catalogue also features delicate florals, simple geometrics or imitation linen, all in an elegant, calm colour scheme. Shades of blue, yellow and grey allude to the coastal climate and look beautiful in bright, sunny interiors. Vinyl wallpaper. Washable.
