Product description:

This unique wallpaper with an original labyrinth pattern comes from the Barclay Butera collection of the American company Wallquest and exemplifies the classic elegance of the hamptons style. The black, slightly glossy cladding is perfect for the living room. The catalogue also features delicate florals, simple geometrics or imitation linen, all in an elegant, calm colour scheme. Shades of blue, yellow and grey allude to the coastal climate and look beautiful in bright, sunny interiors. Object wallpaper, vinyl. Very resistant. Washable.
