Product attributes:**Product description:**

This lovely wallpaper from the Imprint collection features shaded horizontal lines in cool, beige-blue tones. The pattern is bright, subtle and has a lot of good energy in it. It offers a very wide range of design possibilities and will suit a variety of interiors. Imprint cladding is a collection of geometric, shimmering metallic patterns inspired by contemporary architecture. The calm, natural colours and simple motifs reflect what is currently on trend in modern design. A strong point of the collection is the distinct texture, which gives many of the patterns a 3D effect. Greys, blacks and browns, hecasigons, stripes, shading - plenty of ways to give interiors a non-facial feel. Acrylic wallpaper, washable.
