## **Product description:**

This original wallpaper from the Imprint collection features a black and red geometric print. The strong colours and very clear pattern is a proposal for those who are not afraid of a bit of extravagance. The wallpaper is perfect for a living room or a teenager's room. The Imprint cladding collection is a collection of geometric, shiny metallic patterns inspired by contemporary architecture. The calm, natural colours and simple motifs reflect what is currently on trend in modern design. A strong point of the collection is the distinct texture, which gives many of the patterns a 3D effect. Greys, blacks and browns, hecasigons, stripes, shading - plenty of ways to give your interiors a non-facial feel. Acrylic wallpaper, washable.
