This beautiful wallpaper from the Imprint collection features shaded vertical beige and grey lines, arranged in alternating patterns. The pattern is light and warm, perfect for a modern living room or bedroom. Imprint cladding is a collection of geometric, shimmering metallic patterns inspired by contemporary architecture. The calm, natural colours and simple motifs reflect what is currently on trend in modern design. A strong point of the collection is the distinct texture, which gives many of the patterns a 3D effect. Greys, blacks and browns, hecasigons, stripes, shading - plenty of ways to give interiors a non-facial feel. Acrylic wallpaper, washable.
