The elegant wallpaper from the Imprint collection with a pattern of wide vertical stripes is unique thanks to the combination of a simple pattern with a thick texture. The graphite colour blends beautifully with the brown and further exposes the geometric motif. The facing is made of high-quality vinyl. The Imprint collection is a collection of geometric, shimmering metallic patterns inspired by contemporary architecture. The calm, natural colours and simple motifs reflect what is currently on trend in modern design. A strong point of the collection is the distinct texture, which gives many of the patterns a 3D effect. Greys, blacks and browns, hecasigons, stripes, shading - plenty of ways to give interiors a non-facial feel. Vinyl wallpaper, washable.
