Product features:

Manufacturer: Decoprint

Collection: Tahiti

Product attributes:**Product description:**

Vinyl wallpaper from the Tahiti collection by the Belgian manufacturer Decoprints. The structure of the product imitates leather, it will perfectly complement the interior of houses and flats. The product is a co-ordinate suggested by the manufacturer for wallpapers from the collection, but it will work perfectly as a decoration on its own. Shades of natural earthy colours are complemented by the structural finish of the vinyl wallpaper. The product is ideal for decorating the walls of a living room, office or bedroom, both for modern interiors and those with an industrial character. Vinyl wallpaper on a fleece backing. Washable. Resistant to damage.
