This beautiful mural from the Smart Art collection depicts grey and blue fish swimming in the sea. The bright, slightly smoky colours perfectly convey the calm atmosphere of this motif. The structure of the canvas is an additional strong feature of this cladding, which is ideal for a living room, dining room or restaurant. Each mural in the collection is a different story, told through several panels that form a single painting-like whole. There are plant motifs in vivid colours, animals as if transported straight from the jungle, large geometries and timeless stripes. The murals have a tactile structure, are resistant to damage and work beautifully with light. In this collection everyone will find something to make their interior unique and unusual.
