## **Product description:**

The unique and inimitable mural of the Smart Art collection with a motif of forest animals amid colourful plants is full of optimism and good energy. The slightly rough texture harmonises perfectly with the pattern and the cladding is sure to enliven both the living room and the hotel lobby or bedroom. Each mural in the collection is a different story, told with several panels forming a single image-like whole. There are plant motifs in vivid colours, animals as if taken straight from the jungle, large geometries and timeless stripes. The murals have a tactile structure, are resistant to damage and work beautifully with light. In this collection everyone will find something to make their interior unique and unusual.
